

SIX-DAY PROGRAMME FOR ACTIVE TOURISTS

The Soča, picturesque nature, rich cultural heritage, and hills and valleys offer a wide variety of possibilities for all those who like to be creative during their well-deserved holidays. There are but a few locations in the world where you can slide down the rapids of one of the most beautiful European rivers, where you can climb up a tree in the adventure park by the Soča river and make a 300-metre descent on a wire rope, stretched across the Soča at the height of 40 m and providing you with a spectacular view of the Solkan bridge with the longest stone arch span in the world. It is a place where you can explore WWI trenches and caverns, visit the crypt of the last kings of France or take a ride on the biking trails..... When you go out for dinner, you can treat yourself to wine tasting in a world renowned wine region, and thus experience a day, weekend or holiday you will never forget.

PROGRAMME;

Day one; GETTING TO KNOW THE CITY ON BIKE

Arrival in Solkan accommodation in the Hostel. After lunch a guided bike tour of the attractions in the surrounding area (Solkan, the Solkan Bridge, Kromberg castle and museum, the crypt of the Bourbons in the Kostanjevica monastery, Gorizia Castle). Dinner at the Hostel.

Lunch in the fun park or in a nearby restaurant. After lunch we will continue with a motivational workshop in the kayak centre. The workshop deals with the basis of organization and improvement of the team motivation. Awareness of gender relations, power, confidence in the team and the individual are the basis on which we will work through the fun social games.

Day three; RAFTING&PICNIC NEXT TO EMERALD RIVER SOČA

Scenic train ride to the village of Most na Soči and a rafting trip from the Boka waterfall to the village of Trnovo ob Soči. Early morning departure from the Solkan railway station, a train ride through the mountainous countryside with beautiful views, arrival to Most na Soči. A bus will take us to our rafting entry point at waterfall Boka. There, we will put on our neoprene suits and all the necessary equipment. Our rafting guides will explain the details of our rafting trip and demonstrate basic

paddling strokes. This is followed by a »safety briefing«. During our rafting trip, we shall play some fun games, such as pirates, beavers and sliding, and there will also be a quiz. At the exit point (Trnovo ob Soči), a bus with dry clothes will be waiting for us, together with a cook who shall comfort our empty stomachs. We shall depart from Trnovo ob Soči in the afternoon and head towards Most na Soči, where we will board the train and return to Solkan. Dinner at the Hosel.

Day four; HERITAGE OF THE I. WORLD WAR & VINE TOUR

After a hearty breakfast, we will head towards Sabotin on foot. Our destination will be an old military watchtower on Sabotin, where a tasty local lunch will be served. After lunch, a tour of *Sabotin in World War I* museum collection and memorial room *Northern Primorska in 1991 Slovenian Independence War* will be organized. This shall be followed by a tour of caverns, whereby you will hear the stories that shaped the history of this area. Afterwards, a bus will take us to the village of Gonjače in the Goriška Brda hills, where we will climb up the 23-metre high view tower. Then the road will take us to the medieval village of Šmartno, which is a cultural monument in itself. From there, the road will take us to the centre of the Goriška Brda hills, to Dobrovo. We shall pass the biggest wine cellar in Slovenia, Goriška Brda wine cellar, and the Dobrovo Renaissance castle. We will then head on through Medana towards a typical Brda homestead, where we will visit the wine cellar. A tasting of samples of typical Brda wines and olive oil will be organized. After the tasting, we will say our farewells to the Brda hills and return home through the Italian part of the Brda (Collio) in the late afternoon hours. Dinner at the Hosel.

Day five morning; DISCOVER THE MYSTERIOUS REGION OF KRAS

Departure from Nova Gorica at to the Škocjan Caves (*included in the list of UNESCO World Heritage Sites*). The Škocjan Caves are a unique natural phenomenon, the creation of the Reka River. The Reka River springs from below the Snežnik plateau and flows some fifty-five kilometres on the surface. After reaching the Karst, that is the limestone surface, the river not only deepens its riverbed through erosion, but also by means of corrosion – it dissolves the limestone. Visit the caves with local guide through underground Canyon. Continuing drive to Lipica. The history of Lipica is closely intertwined with the Habsburgs and the time when horse was considered an ideal and was at the time a crucial strategic advantage. The Lipica story begins in the 16th century when the abandoned summer residence became the court stud farm. Accompanied by a local guide we will learn the entire history

of the stud farm, since its establishment until today, we'll look at the historical core of the oldest barn Velbanco and visit the interactive museum - Lipikum. Lunch in typical tavern. After lunch transport to Ljubljana.
